Steve – thanks for the update. Should TVX decide to close out the permit, the steps outlined in the permit need to be followed. Also, you may wish to call to the Permit Manager, Dr. Wendy Cheung 303.312.6242.

Subject: TVX Mineral Hill UIC permit

Clark,

I appreciate you contacting me a couple weeks ago regarding the UIC Permit at the TVX Mineral Hill site. After reviewing the circumstances, we have decided to keep the permit in place for a while longer as we determine final closure configurations for the site. We will continue to submit our monthly report letters as in the past. Please let me know if there is anything else that I need to do in regards to this permit at this time. Thanks!

Steven C. Smith
